

## Course Objective

The objective of this course is to facilitate paperless communication between the students and teachers. This course will enable participants to:

- Create e-content for a particular course using ICT Tools
- Describe the use of various ICT tools for editing graphics, audio and video.
- Explain the meaning and importance of Open Educational Resources
- Explore various Open Educational Resource repositories.

## Course Outcome

At the end of the programme teachers will be able to know:

- the meaning of e-content.
- how to design and develop e-content.
- the phases in different instructional design models.
- quadrants approach of e-content
- Different Open Educational Resources for classroom teaching and learning.

## Activities & Project

Assignments will be of the following type:

- MCQ based questionnaire & Assignments (Based on Google Classroom & Google Meet).
- At the end of the course “Project” will be assigned to the participants.

## Who Can Attend?

- Faculty Members and PhD Research Scholars
